FURTHER SUPPLEMENTAL AFFIDAVIT OF JASON BELLAIRE
(Sworn February 17, 2022)

I, Jason Bellaire, of the Town of LaSalle, County of Essex, in the Province of Ontario, make oath and say:

1. I am a member of the Windsor Police Service and hold the rank of Deputy Chief of Police of Operations. As such, I have knowledge of the matters set forth in this affidavit, except where I have received information from others, in which case I disclose the source of the information and verily believe it to be true. This Affidavit supplements my Affidavits sworn February 10, 2022 and February 11, 2022.
2. As the Deputy Chief of Operations, the police operation that involves approach and access to the Ambassador Bridge falls under my command. I am responsible for implementing the response to any incident involving the bridge. However, we use a tiered command and control structure that

gives ultimate operational authority on the ground to our Critical Incident Commander(s). They are tasked by me to oversee the critical response to any problems or threats to that area. The Critical Incident Commander(s) control assets, resources, logistics and response in real-time and do so under my authority. I do not make the decisions “on the ground” and did not attend the area each day. However, the Critical Incident Commanders have kept me informed about what has been occurring in the area and the police response to it.

Friday, February 11

3. At 4:35 P.M., on February 11, Windsor Police posted a news release to its online public news room advising that Demonstrators may be committing a criminal offence and that they may be subject to arrest for blocking City streets. A Copy of this news release is attached hereto as Exhibit “A”.
4. Starting at approximately 7:00 PM the evening of February 11, 2022, I am advised by the incident Commander and command team that Police negotiators distributed paper flyers to individual Protesters to explain that officers were able to arrest individuals for Mischief if they continued to block access to the Ambassador Bridge (“Bridge”). A copy of the flyer is attached hereto as Exhibit “B”.
5. Windsor Police posted to its public twitter account at 4:08 A.M. and 11:51 PM advising the public that their goal was to ensure public safety and keep the peace, and that negotiations remained ongoing with the goal of a peaceful resolution. An excerpt from Windsor’s twitter feed, including these posts are attached hereto as Exhibit “C”.
6. The situation was fluid on location the evening of February 11, 2022. Some vehicles and people left the area overnight. However, many people and vehicles remained in the area.
7. During the evening of February 11, 2022, after the Order of Chief Justice Morawetz issued on that date (the “February 11 Order”) came into effect, officers observed increased demonstrator presence in the Huron Church Rd. area.

8. I am advised by command personnel, and verily believe, that, at approximately 10:00 PM on February 11, Police observed the following at or around the intersection of Huron Church Rd. and Tecumseh Rd. W.

- a. over 200 protestors present;
- b. 50-60 vehicles;
- c. A tent, food tables;
- d. A camper trailer blocking two northbound lanes;
- e. children on scene who appeared to be under the age of 14 years old; and
- f. excessive honking.

9. In addition, I am advised by command personnel, and verily believe that officers observed the following at the intersection of Huron Church Rd at College Ave in the evening hours:

- a. over 300 protesters present;
- b. one southbound lane opened for emergency vehicles to travel following negotiations with protesters;
- c. numerous vehicles north of College Ave. (near the train tracks) including: tractor trailers and large trucks, travel trailers, passenger vehicles, and enclosed trailers;
- d. numerous vehicles south of College Ave. including: tractor trailers and large trucks, pick up trucks and other passenger vehicles;
- e. children on scene;
- f. several tents with food tables;
- g. generators, gas cans, BBQs; and
- h. flags.

10. Vehicles and protesters were also observed at the Wyandotte St. W. entrance to the Bridge at that time.

11. Provincial Offences Officers issued 10 tickets for bylaw infractions on February 11. These were for various parking infractions.

Saturday, February 12

12. At approximately 6:00 AM on Saturday, February 12, Windsor Police observed the following:

- a. at the intersection of Huron Church Road at Tecumseh Rd W:
 - i. no people observed outside the vehicles or in the area;
 - ii. a tent on the roadway from the previous night had been removed;
 - iii. 25-30 support vehicles in nearby parking lots (plaza) with people sleeping inside; and
 - iv. Numerous vehicles remaining in the northbound lanes blocking traffic including : passenger vehicles and pick-up trucks, 1 camper, and 1 semi-tractor trailer.
- b. At the intersection of Huron Church Rd at College Av:
 - i. crowd of approximately 75 people;
 - ii. some vehicles had left the scene or had moved to a nearby parking lot after being warned by police of the potential fines;
 - iii. large tents at or around the roadway and surrounding parking lots ;
 - iv. people observed sleeping in vehicles on side streets; and
 - v. vehicles continuing to block all bridge traffic except an emergency lane, with people believed to be sleeping inside some of the vehicles.

13. At approximately 8:18 A.M., using its social media accounts, Windsor Police advised the public that Windsor Police and its partners have commenced enforcement at the Ambassador Bridge. The posting on Twitter and Facebook social media accounts urged all demonstrators to act lawfully and peacefully and asked commuters to avoid areas affected by the demonstration. An image of the

Twitter post is included in Exhibit "C". Windsor Police made social media posts throughout the day on February 12 to keep the public advised of the situation and advising the public to avoid the area.

14. At approximately 8:20 A.M., Police moved into the area of Huron Church Rd. at College Ave. Police advised demonstrators that they needed to move their vehicles and leave the area. Trucks blocking the southbound lanes were seen leaving and protestors began to take down their food tent. However approximately 50 protestors remained on scene.

15. Police moved to direct protestors away from the Bridge, advising them to move back. However, police on the ground observed that the number of protestors continued to increase and, after reaching a point on Huron Church Rd. between College Av and Tecumseh Rd W., police set up cement barricades and paused their advance. A surveillance image of the police barricade in this location, is below:

16. At 10:00 AM on Saturday, February 12, Windsor Police observed the following:

a. at the intersection of Huron Church Road at Tecumseh Rd W:

- i. 50 people observed in the area;
- ii. several people supporting in the plaza;
- iii. influx in people as the situation evolved;
- iv. in the northbound lanes, approximately 25 passenger vehicles remaining and 1 tractor trailer.

b. At the intersection of Huron Church Rd at College Av:

- i. Police on scene trying to peacefully disperse protestors;
- ii. vehicles voluntarily leaving the intersection – no one towed from that part of the blockade;
- iii. one vehicle in the parking lot at McDonald's; a camper and pick-up truck;
- iv. as the vehicles leave, police guide the crowd southbound on Huron Church Rd.

17. By 10:00 AM, no protestors were present at the intersection of Wyandotte St W. entrance to the Ambassador Bridge.

18. At 2:00 PM on Saturday, February 12, Windsor Police observed the following:

a. at the intersection of Huron Church Road at Tecumseh Rd W:

- i. approximately 600 protestors on scene crowding the scene at the cement barriers;
- ii. children observed with their families;

b. At the intersection of Huron Church Rd at College Av:

- i. police are able to control the intersection at Huron Church Rd and College;
- ii. traffic is blocked off not allowing the public to travel east and westbound;
- iii. no protestors on foot in the area.

19. Active enforcement in relation to parking in the area of the protest commenced at approximately 4:14 PM.
20. At approximately 8:40 PM an individual was arrested at Huron Church Road and Millen Street and charged with the criminal offences of obstructing a peace officer and failing to comply with an undertaking in relation to the demonstration.
21. I am advised by command personnel and believe that on February 12 the crowd of protesters peaked at between 600 and 800 individuals in the evening, with the majority of demonstrators located at the intersection of Huron Church Rd. and Tecumseh Rd. W. Parking lots in plazas along Tecumseh Rd W. were filled with vehicles.
22. On Saturday, February 12, 2022, Provincial Offence Officers, operating under instructions from the Windsor Police Service, issued a further 28 tickets for by-law infractions and at least 7 vehicles were towed from the area.
23. Police monitoring social media noted public discussions regarding the possibility of 200 people arriving from London, ON to fortify the Protest's existing blockade.
24. I was on site on February 12, 2022, from approximately 10:15 AM until 7:00 PM at the Mobile Command Bus set up on California Avenue, north of Union Street, to answer media questions as they arrived.

Sunday, February 13

25. I am advised by command personnel that, in the morning of Sunday, February 13, at approximately 8:30 AM, Police observed protesters and vehicles remaining in the area and the Police line remained on Huron Church Rd between College Ave and Tecumseh Rd W. The cement barriers separating the officers and the remaining protesters remained. An estimated 20 protestors remained on scene. The majority of the vehicles had been moved off the road to nearby parking lots, with a few vehicles continuing to block the roadway.

26. After approximately 8:30 A.M., police began to move the crowd out of the roadway of Huron Church Rd., forming a line while walking across all north and southbound lanes of traffic. Police moved past the cement barriers to move the crowd southbound on Huron Church Rd towards Tecumseh Rd W. A second group of police officers were also travelling northbound in the southbound lanes of Huron Church Rd to move the crowd eastbound on Tecumseh Rd W.
27. While the Police moved the crowd out of the roadway of Huron Church Rd., Police arrested individuals who remained in the street and refused to move. Police also towed at least one vehicle that did not leave the area willingly. Most of the individuals and vehicles remaining in the area moved into a privately-owned parking lot plaza on Huron Church Rd at Tecumseh Rd W.
28. Police again sought to negotiate with protesters, warning them that they were required to leave and that cars would be towed. Police officers communicated that all protestors must be legally on the sidewalks.
29. At 11:09 AM on the 13th, Windsor police posted a link on its social media accounts to the February 11 press release warning protesters that they may be committing a criminal offence and be subject to arrest. An image of the posting to Windsor Police's Twitter account is included in Exhibit "C".
30. Protestors who continued to contravene the *Criminal Code* and/or the February 11 Order were arrested. 43 individuals were arrested on February 13 and charged with mischief exceeding \$5,000 and/or disobeying the Order contrary to sections 430(1) and 127 of the *Criminal Code*.
31. Approximately 10 to 15 individuals remained on the sidewalk and eventually moved eastward away from Huron Church Road.
32. At 12:30 PM on Sunday February 13, Windsor Police observed the following at the intersection of Huron Church Rd at Tecumseh Rd W:
- a. 30-40 people in southeast corner – on the road, sidewalk, and Shell Gas Station;
 - b. 10-15 supporters nearby at Dorchester and Huron Church Rd.

33. At 4:00 PM on Sunday February 13, Windsor Police observed less than 20 individuals on the scene on sidewalks at the intersection of Tecumseh Rd W and Northway Ave.

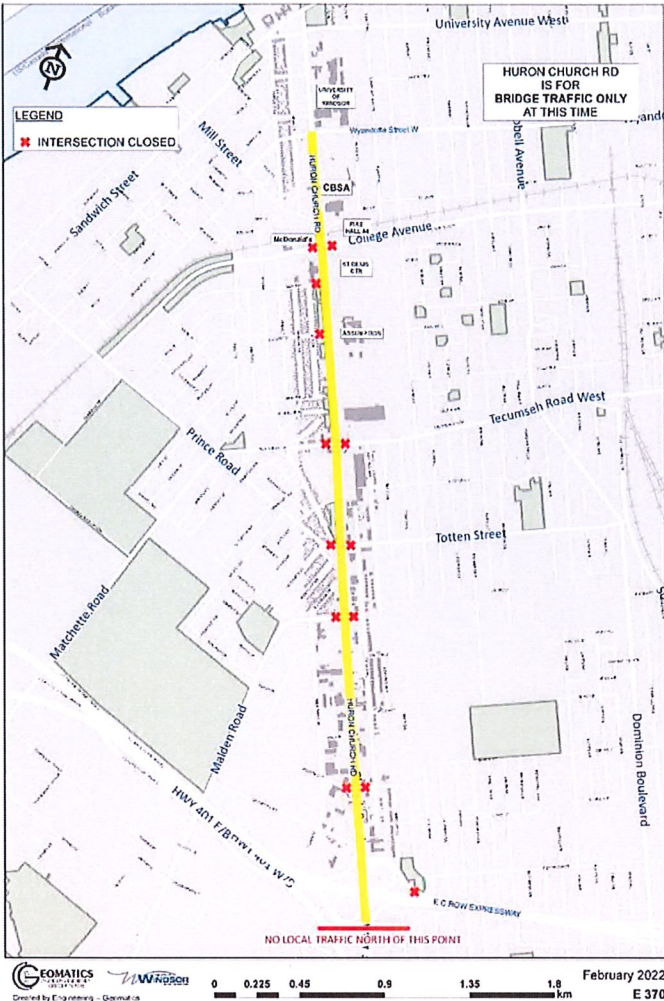

34. Police continued to update the public through social media and news releases Social media posts from this day are set out in Exhibit "C". A news release summarizing the Police approach to clearing the Protest was issued on February 13, and is attached hereto as Exhibit "D".

Monday, February 14

35. The Windsor Police Service announced via its Twitter account at 12:22 A.M. that the Bridge was open to traffic.

36. On February 14, to prevent protesters from re-entering the area, Police established traffic controls along Huron Church Road at a number of key intersections. Below is a map that Windsor Police made available to the public, including via social media, depicting road closures as of February 14:¹

¹ <https://twitter.com/WindsorPolice/status/1493331721441497095/photo/1>

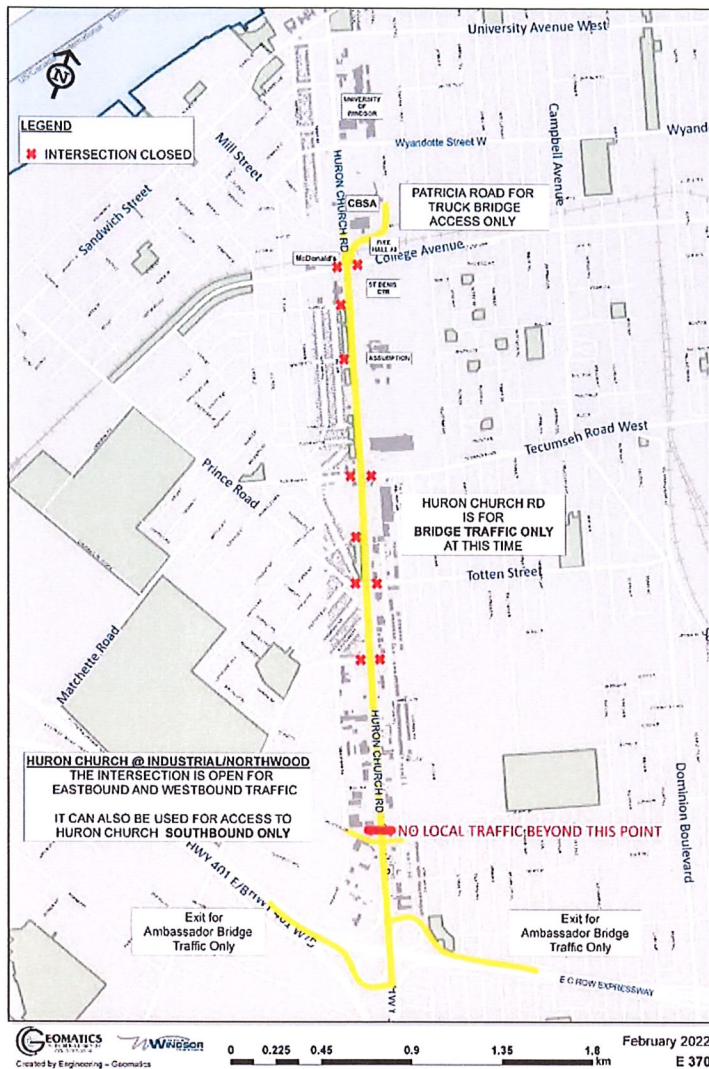

37. On February 14, Huron Church Road was open for bridge-bound traffic only, with no east and west traffic open across Huron Church road between the E.C. Row Expressway and the Bridge. Police advised businesses along Huron Church road requiring access to their businesses to take alternate routes.² Several protesters continued to be observed in the areas around Huron Church Rd at Tecumseh Rd W. and Northway Ave at Tecumseh Rd W throughout the day.

38. On February 15, barricades remained in place from Huron Church Rd from EC Row Expressway to the Ambassador Bridge.

² <https://www.police.windsor.on.ca/newsroom/news-update/february/Pages/February-14-2022-Update-1.aspx>
[Exhibit "E"]

39. On February 16, Police removed certain traffic control points to allow further traffic flow in the area.

A map posted on the Windsor Police Twitter Account at 5:25 PM on February 16 is set out below:³

Arrests and by-law violations

40. Since the beginning of the Protest, Police have:

- a. Made 44 arrests
- b. Laid a total of 86 charges, including 43 charges for breach of a court order.

³ <https://twitter.com/WindsorPolice/status/1494075422883074056/photo/1>

c. Seized and towed at least 18 vehicles.

41. Most of those who were arrested have been released, with one person remaining in custody as of Monday, February 14.

42. Of the by-law infraction tickets, 3 of the tickets were issued for vehicles being parked while obstructing traffic flow.

43. Throughout the operations described above, the Windsor Police Service's primary goal was to ensure public safety and to bring the Protest to a peaceful conclusion.

Risk that Blockade May Resume

44. Throughout Police efforts to clear protesters and subsequently, Police have been monitoring social media communications regarding the Protest.

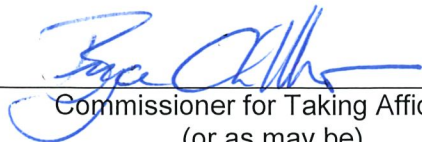

45. On February 11, social media was busy with talk about the injunction. Many comments on Facebook and Zello (a free app that is available to the public) indicated that demonstrators are not very concerned with any fallout from the injunction. Protesters were encouraging each other, claiming that as long as they remained peaceful that the police had no arrest authorities. Individuals on social media advised demonstrators to remain in their illegally parked vehicles as they would not be towed while occupied.

46. Demonstrators on scene were requesting, through social media, that more local people go to the Protest location to support the protesters. They asked people throughout the province to bring vehicles, trucks, and food to assist in their blockade.

47. Several individuals posted on various public social media outlets suggesting that additional vehicles and individuals would be travelling to the area to engage in protests and encouraging others to join protesters already in the area.

48. On February 13, as Police began to clear the Bridge area, discussions continued online about blocking the Detroit-Windsor tunnel and blocking Highway 401. I am advised and do verily believe that topics of online discussion included asking for more trucks to join the Protest, wanting to reorganize the Protest, regrouping into other locations, and using barricades against police.
49. I am advised and do verily believe that other social media posts indicated that further action from protesters was expected, including posts such as "it's not over," "regroup," "we are not done," "slow roll is next," and "Civil War time." Anti-police comments were also observed.
50. On February 15, Police learned of a convoy of several transport trucks from Ottawa with the suspected intention of heading to Windsor. This convoy was successfully intercepted by police at approximately 8:30 PM.
51. As a result of the continued threat of a new blockade, Police continue to control traffic flow onto Huron Church Rd. to protect access to the Bridge.
52. On February 16, approximately 7 protesters were engaging in peaceful protest in the area of Wyandotte Street.
53. On February 16, 2022, police became aware of a poster posted on a public Facebook group page advertising for protesters to regroup on Saturday February 19, 2022 in Windsor. As a result, Windsor Police anticipate that a large number of protestors are likely to congregate immediately after the current injunction expires. Attached as Exhibit "F" is a copy of this poster.
54. As of 6:00 PM on February 17, 2022, Police continue to maintain a presence in the area; various physical and human resources to control traffic are still in place.

Windsor Police Service News Update

Date: Friday, February 11, 2022

PUBLIC NEWS UPDATE

Message to Demonstrators from Windsor Police Service

The Windsor Police Service wants to make demonstrators clearly aware that it is a criminal offence to obstruct, interrupt or interfere with the lawful use, enjoyment, or operation of property. The offence itself is known as mischief to property.

The unlawful act of blocking streets at and near the Ambassador Bridge is resulting in people being denied the lawful use, enjoyment and operation of their property and causing businesses to close down.

We are providing notice that anyone blocking streets or assisting others in the blocking of streets may be committing a criminal offence and must immediately cease further unlawful activity or you may face charges. You could be arrested if you are a party to the offence or assisting others in the direct or indirect commission of this offence.

Vehicles or other property related to an offence may be seized. Once a vehicle is seized, it may be detained and, following a conviction, possibly forfeited.

Charges and/or convictions related to the unlawful activity associated with the demonstration may lead to denial in crossing the USA border.

DID YOU KNOW?

The Province of Ontario has declared a State of Emergency.....this means it is anticipated that; effective midnight (February 12, 2022):

- It is illegal and punishable to block and impede the movements of goods, people and services along critical infrastructure
- The new orders will be aimed at protecting international border crossings, 400-series highways, airports, ports, bridges and railways, as well as the safe movement of medical services, public transit, municipal and provincial roadways and pedestrian walkways.
- Fines for non-compliance can include a maximum fine of up to \$100,000 and up to a year in prison.
- The province is also considering taking away personal and commercial licenses (CVOR) from any protesters who do not comply with the order.
- These measures will be *permanent*.

This is **Exhibit "C"** to the
Affidavit of **Jason Bellaire**
sworn before me, this 17th day of
February, 2022.

Windsor Police @WindsorPolice · Feb 10

We ask people to stop calling our E911 Communications Centre for info on bridge wait times or how they should proceed with their plans. Truckers should still utilize the Blue Water Bridge in Sarnia & commuter traffic use the tunnel.

Our lines need to remain open for emergencies.

Although the Ambassador Bridge is not closed US bound, the presence of demonstrators are making it difficult to access the bridge. We urge all motorists to avoid both access points to the bridge. All those attempting to cross the Ambassador Bridge should expect significant delays

PUBLIC NEWS UPDATE

Demonstration Update

Throughout this demonstration, Police have respected the protesters' freedom of expression and their right to a peaceful assembly. The importance of public safety remained the number one priority of officers with the goal being a peaceful resolution. Remaining committed to professionalism, keeping lines of communication open and using proper police discretion, guided our response to this major event.

The Windsor Police Service along with policing partners used a progressive approach by ensuring open lines of communication and continuous negotiations with protestors. During these negotiations, demonstrators were made aware that their actions were illegal and subject to arrest, specifically that they could be charged with mischief.

We also recognize the rights of the general public, local residents and businesses to a safe environment. Police used discretion during the course of the demonstration to avoid creating an unstable situation and potentially putting the public at risk. This exercising of police discretion should not be confused with lack of enforcement.

On Sunday, February 13, 2022, police at the demonstration site engaged protesters for the purpose of continued enforcement and several arrests were made. The arrested persons are all facing a charge of mischief. Multiple vehicles within the demonstration area were also seized.

You will see a continued police presence in the area in order to maintain an environment that is safe. In an effort to work towards resuming traffic flow, a continuous assessment of the situation is vital to ensure a sustainable solution.

PUBLIC NEWS UPDATE

Police Road Closure Update

The Windsor Police Service would like to appeal to the community and ask for their continued patience, now that the Ambassador Bridge has reopened. Below is an update to our current traffic situation.

Access onto Huron Church Road northbound is for Ambassador Bridge Traffic ONLY at this time. U.S. bound traffic can access Huron Church Road northbound from Highway 3 and the 401, or enter the bridge from the Wyandotte Street West entrance. Southbound traffic coming from the U.S. off the Ambassador is not affected at this time.

All eastbound and westbound arterial roads off of Huron Church Road between the E.C. Row Expressway and the bridge entrance, remain closed. There is potential for traffic delays in the area, therefore we are asking that you plan your route accordingly.

All businesses on Huron Church Road remain open, however alternate routes are required for access. If you require directions, please refer to the provided map.

For your safety, we are urging all pedestrians to use the overhead crosswalk at Huron Church Road at Girardot Street as well as the crosswalks at Huron Church Road at Tecumseh Road West, when crossing Huron Church Road. We urge all pedestrians to use extra caution when crossing at Huron Church Road at Tecumseh Road West.

Please refrain from calling our E911 Communications Centre for information regarding the reopening of the Ambassador Bridge or any related questions. Our phone lines need to remain open for emergencies only.

Police enforcement will continue in the demonstration area, and there will be zero tolerance for any unlawful activity.

We encourage you to follow our social media accounts for the most up to date information. Continuous updates will be posted as they become available.
